SUMMARY

Dedicated and hardworking, with a strong focus on learning new technologies and skills essential for the industry. Skilled in modern front-end technologies, creating efficient, scalable, and visually appealing solutions. Eager to learn and adapt to new tools and techniques in a fast-changing industry.

SKILLS

- **Front-End Technologies:** HTML, CSS, JavaScript, TypeScript, React JS, Next JS, Redux, Redux-Toolkit.
- **UI Libraries & Framework:** MUI, Tailwind CSS, SASS, Bootstrap, Chakra UI, Ant Design.
- **Version Control:** Git, GitHub.
- **Tools & Platforms:** Visual Studio Code, Jira.
- **Deployment:** Netlify, Vercel.

WORK EXPERIENCE

Front-End Web Developer (React JS), Scodus Innovations, Dillibazar Sep 2021 - Present

- Developed and maintained complex, dynamic single-page applications using React.js, for key client projects.
- Led front-end development for a restaurant POS platform, collaborating closely with UI/UX designers to ensure user-centric design.
- Utilized Redux-toolkit for efficient state management, improving data flow across components.

PROJECTS

- **Restaurant POS Platform with Real-Time System Management Dashboard ([Link](#)):** Developed a comprehensive POS system for restaurant management, utilizing, React and Redux-toolkit for smooth, modular design. Integrated a real-time dashboard to monitor active orders, inventory levels, and sales data in real-time.
- **Education Consultancy Website with System Dashboard [RB Abroads Shikshya] ([Link](#)):** Developed a role-based dashboard for RB Abroads, an education consultancy platform. Enabled secure role-based access for administrators, agents, and students, allowing each user type customized access to resources like application tracking, consultation bookings, and progress updates.
- **NBNS Global Website with CMS Dashboard ([Link](#)):** Developed a comprehensive website for NBNS (Nepalese Descendants Citizens Association) with CMS dashboard using React JS, Next JS, and Redux, allowing real-time content management. Implemented role-based access control, real-time data sync, and optimized API integration.

EDUCATION

- Bachelor of Software Engineering, NCIT, Lalitpur, Nepal 2015 - 2020
- +2, HSEB, White House College, Lalitpur, Nepal 2013 - 2015
- 10th Standard, SLC, Angels High School, Nepalgunj, Nepal 2013

ADDITIONAL INFORMATION

- **Languages:** Nepali, Hindi, English.
- **Address:** Balkumari, Lalitpur
- **Contact No. :** 9845538830
